🎓 Education

Full Stack Web Developer, *Masai*
10/2022 – 06/2023
- 800+ hours of coding experience.
- learned MERN Stack .
- done more than 5+ demo projects in group and solo.

Bachlores Of Science, *Allahabad State University*
06/2021 – present | Prayagraj, India

💼 Professional Experience

Front-End Developer, *Skiivia Innovation | Current*
- I have experience working on hybrid apps for Sai Groups. These apps feature notification functionality in all states of the mobile app, coupled with click-to-navigate capabilities. I utilized Firebase for backend support and implemented a Flexbox-based UI for enhanced layout flexibility.
- Additionally, I contributed to the UI development of Jagcutz, a barber shop application. I also implemented authentication flows for users, staff, and managers within the app.
- Moreover, I worked on EduCounselBuddy, an app focused on NEET counseling. In this project, I integrated Redux for state management, implemented authentication flows, and set up interceptors for managing HTTP requests. On the web platform, I designed the UI using Bootstrap and incorporated features such as modals, charts, and APIs utilizing HttpServlets for server-side interactions.

Provision, *Skiivia Innovation*
- Created a group chatting app with the help of firebase console.
- Learned responsive UI designing skills in native and IOS and notification implementation with firebase.
- Creating user authentication flow , navigations , generating apk , also enhanced my redux and restApi skills etc.

📁 Projects

Sai Apps, *Shopping Mall Management App*
There are around 10apps which helps in management
- Teck Stack - React Native , Redux , Typescript , CSS.
- Implemented Firebase , RestApis , AuthFlow , Navigations etc.

Edumantra, *An NEET Rank Predictor Website*
This website is created to make easy to get counseling.
- Tech Stack - Angular , css , boostrap , typescript .
